

Animation Projects

flip book, cell, & layer styles

Why animation?

- students love video games
- understand the process
- learn the techniques
- know what a complex process it is
- get a flavor of a potential career path
- using simple tools, they get to try it
- learn PowerPoint or another program

Why animation?

- students love video games
- understand the process
- learn the techniques
- know what a complex process it is
- get a flavor of a potential career path
- using simple tools, they get to try it
- learn PowerPoint or another program

Frameworks

- assign topics
- pick-your-own topic
- pick out of a “hat”
- spin a topic

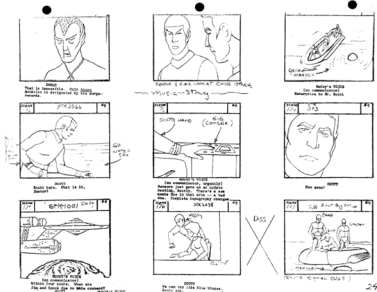

Develop the Project

- guidelines
- proposal
- rubric
- self-evaluation

Storyboard

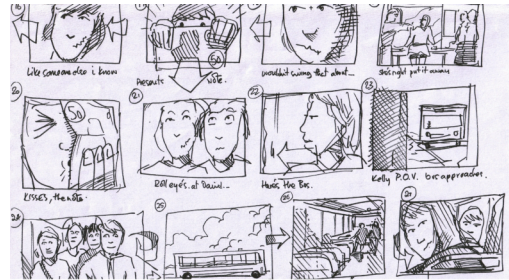

- many styles of storyboard = graphic organizer
- chose one you feel will work for your type of project
 - lots of cells or just a few
 - lots of changes or just a few
 - lots of special effects and sounds
 - etc

Storyboards

Bud Lizards

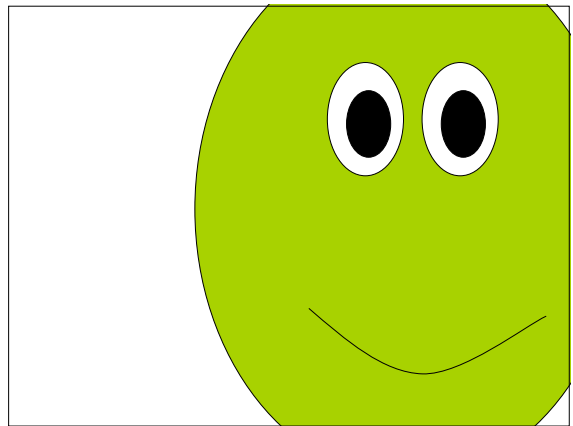

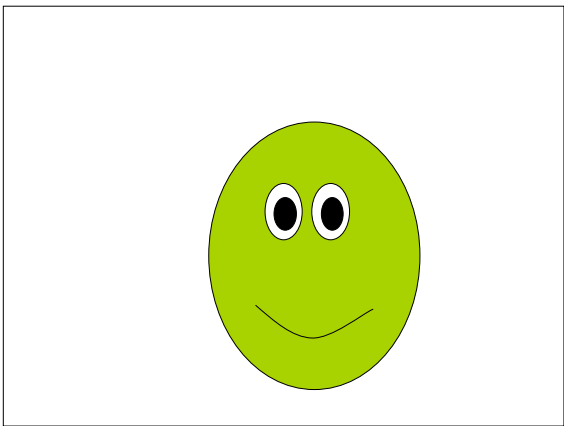

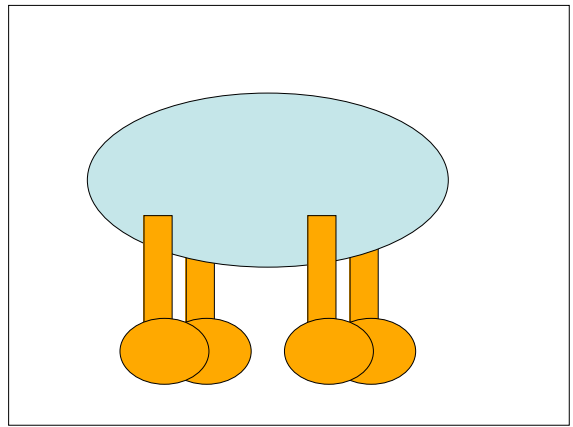

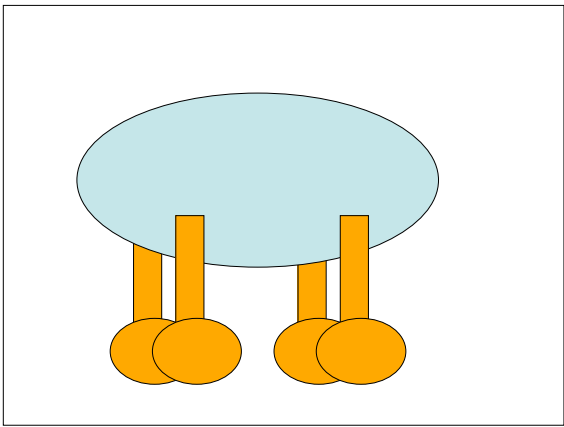

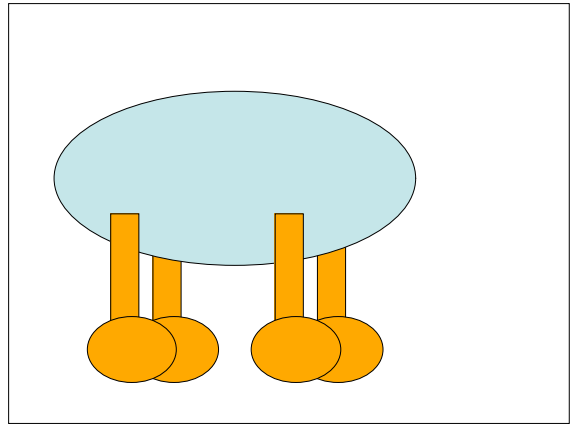

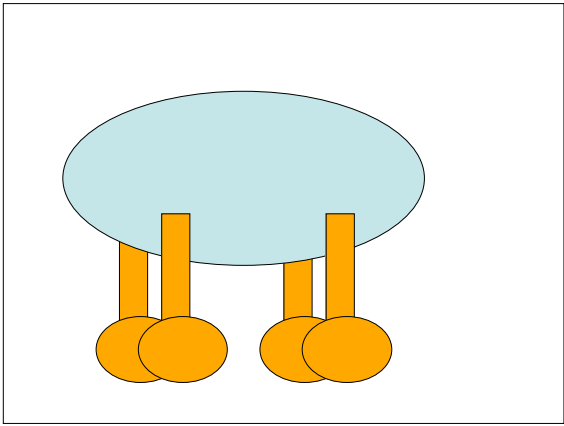

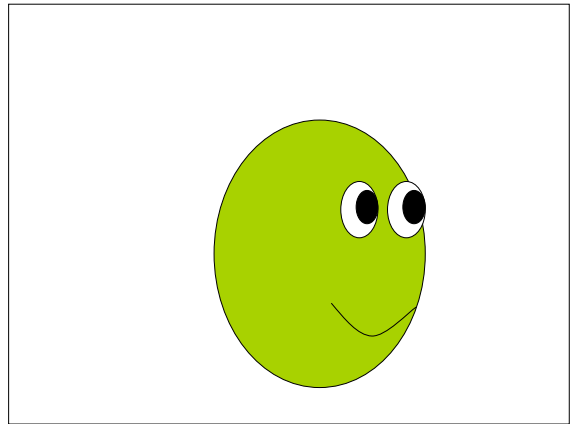

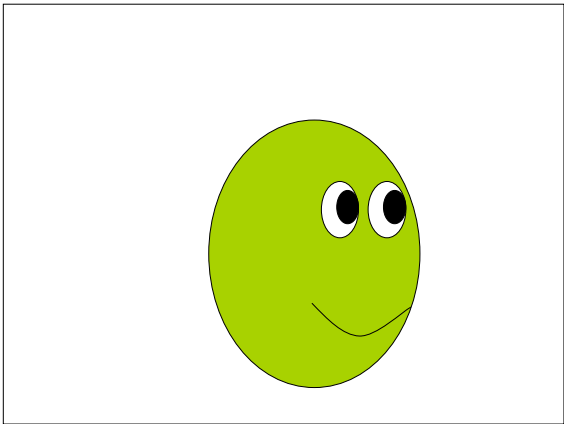

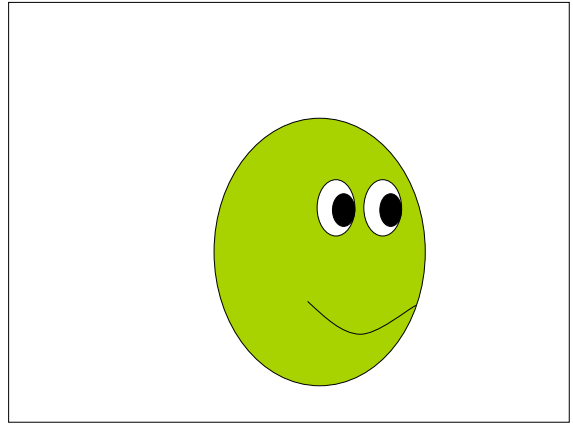

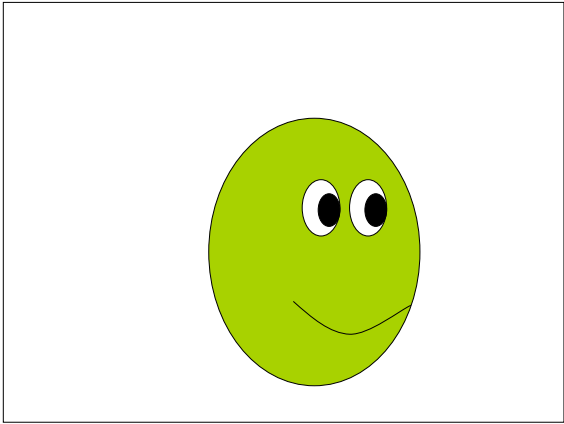

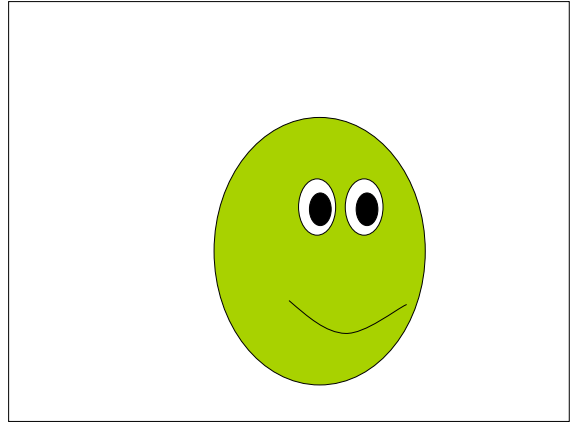

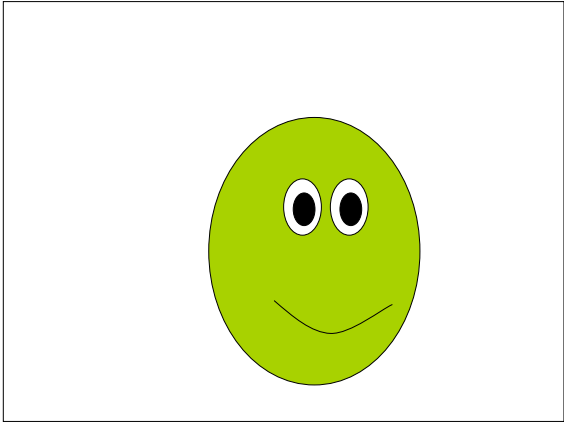

<http://www.thestoryboardartist.com/budlizards.html>

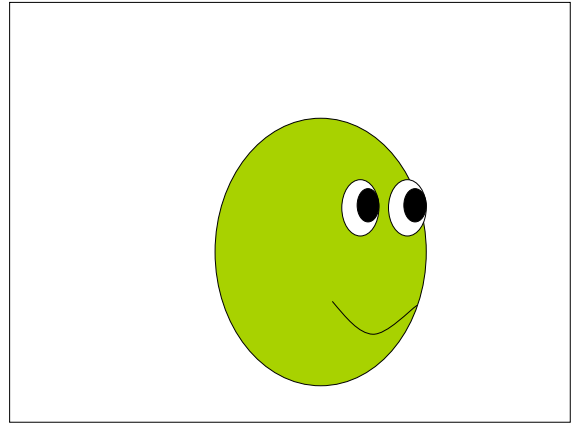

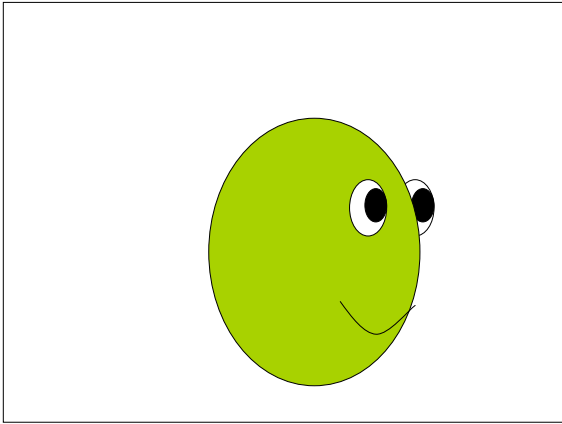

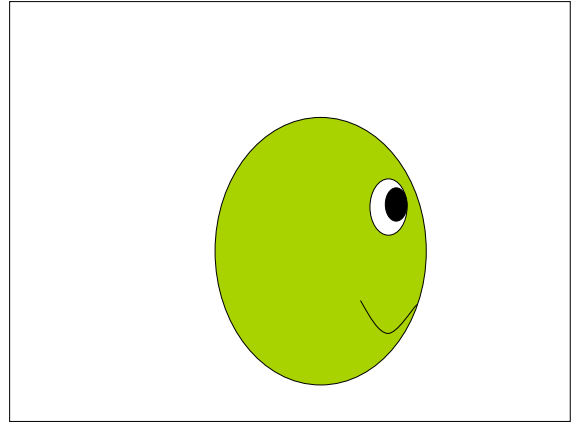

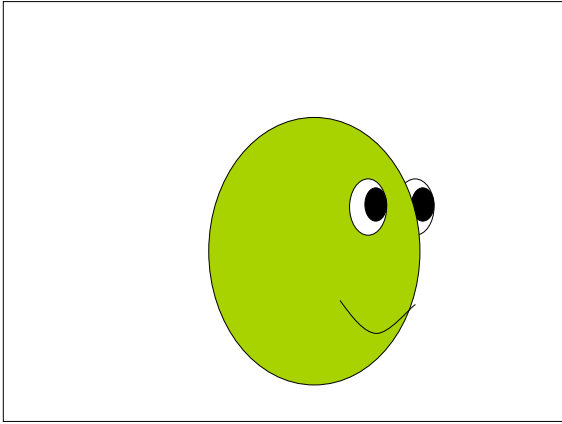

Flip Book Style

- make an image and save it
- copy that image and make a change
- copy that and change it again
- repeat this process over and over
- reuse slides as necessary
- jump to new scene- optional
